What if I do not have an E Mail address?

You can get a free Email address at many sites and ten are listed below:

1. [Gmail - Free Email Service](#)

Google

Gmail is the Google approach to email, chat and social networking. Practically unlimited free online storage allows you to collect all your messages, and Gmail's simple but very smart interface lets you find them precisely and see them in context without effort. POP and powerful IMAP access bring Gmail to any email program or device.

Gmail puts contextual advertising next to the emails you read.

2. [AIM Mail - Free Email Service](#)

Heinz Tschabitscher

AIM Mail, AOL's free web-based email service, shines with unlimited online storage, very good spam protection and a rich, easy to use interface.

Unfortunately, AIM Mail lacks a bit in productivity (no labels, smart folders and message threading), but makes up for some of that with very functional IMAP (as well as POP) access
